Competition Type

Kaggle can run your competition as public, where anybody can participate, or private, where you restrict access.

Who can enter your competition?*

Public

The competition is public.
Any registered user can download data and submit an entry.

Limited

The competition is invite-only.
Only particular users can submit entries.

ALLOWED EMAIL DOMAINS

anything@

Separate with comma, leave blank if this isn't required

☐ Allow subdomains (eg. dave@**scientists**.mycompany.com)

If you want to invite specific users or users from different domain names, you can do this later via the *Invites* tab of your competition.
